ICAR Registration Form

About The ICAR Project

The International Cognitive Ability Resource is a public-domain assessment tool that provides a large and dynamic bank of cognitive ability measures for use in a wide variety of applications. By encouraging the use, revision and ongoing development of these measures among qualified research groups around the world, the ICAR will further understanding about the holistic structure of cognitive abilities as well as the nature of associations between cognitive ability constructs and other variables.

Description of the project *(min. 150 characters)*:

Research team and collaborators:

Please state which items you intend to use:

The items will be used for:

   Research   Commercial

   Other

Will the items be used for profit?

      Yes   No

Expected starting date:

Expected ending date:

Type of administration involved:

Additional data to be collected and estimated sample size :

Additional Questions:

Do you want to contribute to ICAR?

    Yes   No

How did you find out about ICAR?

    Search engine (Google, Yahoo, etc.)
    ICAR website
    Conference/Journal publications
    Recommended by colleagues
    Other

What item types do you want to use that are not currently available?

Please keep me updated on ICAR.

Terms and Conditions

In order to maintain the International Cognitive Ability Resource in the public domain, it is important that all users contribute to the maintenance of their validity. As a result, all users are asked to read and consent to the following points:

I warrant that I will under no circumstances:
- Reveal the scoring key and psychometric data to anyone.
- Publish any ICAR item in any format whatsoever.
- Share my login credentials with anyone else.
- Participate in this project in a manner other than one which observes the highest standard of ethical conduct.
In particular, I agree to abide by the BPS, DGPS and APA code of ethics and conduct.

I further agree to:
- Take responsibility for the use of the items by any member in my immediate research team.
- Properly acknowledge the ICAR project in the manner prescribed by the ICAR Wiki.
- Provide evidence of my compliance with all of the above conditions to the project coordinators within 14 days of receiving a request to that effect.

Signature (Electronic):   Date:

eSignature Acknowledgement

By signing this Electronic Signature Acknowledgement Online Form, I agree that my electronic signature is the legally binding equivalent to my handwritten signature, with the same validity and meaning as my handwritten signature. I will not, at any time in the future, repudiate the meaning of my electronic signature or claim that my electronic signature is not legally binding.
